

**New this year!** Bring awareness to the amount of plastic waste we create while transforming it into something beautiful! The Halifax Market Place invites individuals, families, and small groups to join us as we prepare for our Earth Day Extravaganza by participating in our first ever ***Think Outside the Trash Upcycled Art Contest***. Upcycled artwork created during this initiative will be publicly displayed for our Earth Day celebration on April 23, 2022.

Entries must be made from at least 70% discarded plastic materials like drink bottles, tops, laundry detergent jugs, etc and be centered around a nature theme such as plants, animals, fish, insects, rivers and/or oceans. Pieces can be 3D or mural style. Please visit [www.townofhalifax.com/earthday](http://www.townofhalifax.com/earthday) and find us on Facebook @HalifaxEarthDay for more details and inspiration.

Artwork will be judged based on adherence to theme and materials, originality, craftsmanship, and use of colors and textures. Winners will be announced on Saturday, April 23 at 1pm at the Earth Day Extravaganza. Prizes will be awarded to first, second and third place winners in each participant category.

For more information, please contact Susie Robbins at 434-222-5167.
